HELP US TO SERVE BLIND AND PARTIALLY SIGHTED PEOPLE**INTRODUCTION**

Welcome to the "Christian Resources from Torch Trust" Catalogue. The catalogue lists a range of items which the Torch Trust has produced for blind and partially sighted people.

In response to a number of booksellers queries we have made available some books, leaflets, resources for churches, greetings cards and our promotional items for those who have wanted to respond to enquiries from blind and partially sighted customers.

An order form is enclosed, however, please do not hesitate to call us on 01858 438260 if you need further information or assistance.

Delivery

If the recipient is registered blind or partially sighted, and provided that any printed matter is at least 16 point or greater then accessible media can be sent via Royal Mail through "Articles for the Blind" free post. Therefore there are items in this catalogue for which we will need to charge delivery. If accessible articles are being ordered along with printed materials or promotional items then a delivery charge will be incurred.

Payment

Payment is required upon receipt of Invoice.

We are happy to take the following cards as payment:

Alternatively we can accept payment by cheque made payable to Torch Trust for the Blind.

As most of the prices in this catalogue are below the true cost of production, no discounts are offered. For this reason and to take full advantage of the Articles for the Blind free post, it is anticipated that most orders by or on behalf of a blind or partially sighted person will be placed directly with the Torch Trust for the Blind. The assistance given by booksellers to blind and partially sighted people is greatly appreciated.

THE BIBLE

The Torch Trust has produced a booklet entitled "The Bible for Blind and Partially Sighted People" which lists a wide variety of Bibles available in accessible media and where they can be obtained. For a copy see the "Church Resources" section.

The Torch Library has several versions of the Bible available for loan in accessible media. See our on-line catalogue at www.torchtrust.org/catalogues.htm

If however, you want to purchase an audio version of the Bible or a giant print version, or a braille Bible portion, **for a blind or partially sighted person**, the following are available.

Because braille and, to a lesser extent, giant print are bulky, Torch has divided the Bible into a number of volumes, which can be purchased separately, as a number of volumes or as a whole Bible.

The Bible on cassette is also organised into complete books, so that the start of a new book of the Bible is on a new tape.

BOOKS

What does it cost?

Costs vary. Some organisations quote as much as £800 per book. Torch estimates that its cost of adding a new title in an accessible media, from print, through transcription to production is on average £300. However, this is only achievable due to a small army of dedicated and skilled volunteers.

To reproduce further copies in braille, giant print or audio, frequently costs more than the price of the original print book, but the Torch Trust believes that blind and partially sighted people shouldn't be disadvantaged by having to pay the true cost. We have therefore set our prices similar to that of acquiring the standard print edition.

Why can't I buy any title of my choice from the Torch Library?

There are three main reasons:-

1. The majority of titles in the Torch Library have been produced under specific copyright agreements and cannot therefore be offered for sale.
2. There are also a number of titles from overseas publishers with restricted copyright agreements.
3. With older titles we may not have the electronic files which enable us to produce the accessible version.

What about copyright?

The copyright (Visually Impaired Persons) Act 2002 allows blind and partially sighted people in the UK to have accessible copies in a media to suit their reading preferences. It applies to all works published or distributed in the UK.

This Act provides for organisations like the Torch Trust to produce accessible copies for distribution to blind and partially sighted people. In addition, most publishers are involved through a general licence from the Copyright Licensing Agency (CLA). This makes things simple for UK readers and UK published books and also for visually impaired readers in Europe where the work has UK-owned copyright. Torch operates to such a license from the CLA and adheres to its terms.
